

## Sacramento Dinner Meeting

Date: Thursday, April 24<sup>th</sup>, 2008

Aerospace Museum of California

<http://www.aerospacemuseumofcalifornia.org>

Phone: (916)643-3192, McClellan, CA: See Map

### Space Elevator & The NASA Tether Challenge

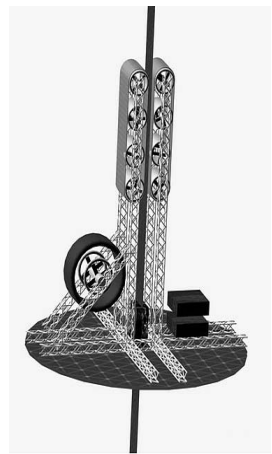

#### **Speaker/s: Michael Remington & Team Astroaraneae**

A revolutionary Earth to Orbit transit system, the Space Elevator, is primed to take the aerospace world by storm. Once in place, it has the potential to radically change our interaction with the rest of the universe, by providing cheap and ready access. Michael Remington, an Aerospace Engineer who specializes in Material and Composite Design at Aerojet, will illustrate the concept and its potential. As Team Leader of Team Astroaraneae, he will also lead you through his team's contributions in the field achieved through competing in the NASA Tether Challenge: of which they are currently the top competitor in the world.

#### **Documentary Film: The Mighty Tether**

This film will be presented by its producers, Kane Wilke and Jeremy Dinovo, of which has recently been submitted to the 2008 Seattle Film Festival. It distills, and elicits the very essence of technological innovation, as seen through the eyes of those toiling at the Space Elevator.

**DOOR PRIZE** – A valuable prize (TBD) will be randomly awarded to one lucky attendee!

#### **Schedule**

Museum Exhibits Access	5:00 PM
Dinner (Movie Theme)	6:30 PM
(Hot Links, Nachos, Candy/Fruit, Popcorn/Salad, Drinks)	
Speaker:	7:00 PM
Film (1hr):	7:30 PM

#### **Tickets (paid at door)**

Members:	\$15
Non-Members:	\$20
Students:	\$10

RSVP early, seating is limited (cap. 95)

Phone: (916) 355-3451 Email: [Melvin.Bulman@Aerojet.com](mailto:Melvin.Bulman@Aerojet.com)
